Dear Dr Poston:

Thank you for taking the time from your busy schedule to participate in Quincy Medical Center's Cardiology Grand Rounds. Your talk , "Robotic Coronary Revascularization at Boston Medical Center" was outstanding and very well received. The reviews have been great, and the large number of attendees at your presentation indicates a significant interest in robotics from our staff at QMC.

Thanks once again. I sincerely appreciate your help us in this worthwhile educational endeavor.

Sincerely,

*We enjoyed meeting you —*
